

Over 500,000
students are already
learning to read with
Reading Eggs!

Reading Eggs
is the result of over 3 years'
research and work, designed to
bring 21st century technology to the
task of getting children successfully
started on the journey to becoming
proficient and motivated readers. The
program fully supports what children are
learning at school.

To ensure that you get the most out of the
Reading Eggs program, we have produced this
Teacher Guide, which includes some simple steps
for you to follow. As a teacher you will have full
access to each student's account. This allows
you to check each student's progress and to
differentiate learning so that students of all
abilities are catered for.

A phenomenal **98%** of teachers surveyed would recommend Reading Eggs to other teachers

Over 17000 teachers from 4500 schools have already experienced the program!

1. How to get started

Firstly you will need to register on the Reading Eggs website. For this you will need the School Code* included in your Reading Eggs pack. Each teacher in your school registers their own class using the same School Code.
*Ring 07 307 0340 if you do not have your School Code.

A. Registration

To register, follow these four simple steps:

1. Visit www.readingeggs.co.nz
2. Click on **Get Started** at the top of the page.
3. Click on the Teachers icon.
4. Complete the registration form, which includes entering your School Code. You are now registered.

B. Teacher Navigation Menu

Once you are logged into your account (log in by entering your login name and password), you will arrive at the **My Account** page. From here you can access all the teacher features of Reading Eggs.

C. Set up your class

Once you have registered, you simply add your students. During the free trial, this will give each student access to their account at school and at home. To add up to 30 students to your class, follow these simple steps:

1. Ensure you are on the **My Account** page.

2. Click on **Manage Students**.

3. Click on **Add and Edit Your Students**.

4. Enter the student's first and last names.

A form titled "Add a Student" with two input fields: "First Name" and "Last Name", and an "ADD THIS STUDENT" button at the bottom.

5. Click on **Add this student**.
This student is now saved to your class list.

You can also import a list of students if you want to add an entire class.

Tip: Add a demo student to your list for front of class demonstrations.

D. Start students' reading journey

To get your students working through the lessons:

1. Click on **Start Reading** from the **My Account** page.

2. Choose a student from the **My Class** page, by clicking on an avatar (avatars are online characters).

Once on the **My Class** page, students cannot move back to your Teacher account.

If you need to move back to the **My Account** page, simply enter your login and password at the bottom of the **My Class** page. You can use your teacher login on multiple computers in your school.

A grid of student avatars with their names and scores. The avatars are: Alice Whitehead (0), Austin B. (9), Bruce Wayne (10), Cici D. (0), James Apple (61), Lisa Kirby (109), Molly Stanley (10), Oscar White (11). Below the grid is a "Click here to go back" link.

3. At first login, clicking on an avatar will take you to the **Placement Test** option page.

The placement test will automatically assign your student to the appropriate level of the Reading Eggs program. If you'd like your students to sit the placement test you don't need to do anything. If you prefer to set your students to begin at a particular level, click **Don't do the Reading Test** button. You can have a student redo the placement test at anytime when you edit a student and set the redo placement test option.

A page titled "Reading Eggs Placement Test" with a welcome message. It has two sections: "My child has some reading skills. I would like them to begin the program at the right level." with a "Do the Reading Test" button, and "My child has very little reading skill. They should start at the beginning of the program." with a "Don't do the Reading Test" button.

You can repeat this process for each student in your class.

4. On the first visit, if your student did not complete the placement test, the student's avatar will land on stepping stone 1, which is lesson 1.

Click on the stepping stone to begin lesson 1. The lesson that the student is up to is always highlighted. The stepping stone is a different colour and it pulses.

If your student did complete the placement test, the student's avatar will land on the appropriate stepping stone.

5. To finish the Reading Eggs lessons, click on **Bye** at the bottom of the student's navigation bar. This will take the student back to the **My Class** page. Another student can now have a turn.

2. Student Reports

A. Class progress reports

As a registered teacher, you will have access to results from students in your class. You can see how many lessons a student has completed and the results of their end of map quizzes.

To access your student's Lessons Progress, Driving Test Progress and Report Cards:

1. Go to the **My Account** page.

2. Click on the **Student Stats** icon.

3. This is a brief overview of each student's Reading Eggs progress. For more detail about your class, click on the detailed progress buttons.

3. Managing Student Accounts

A. Editing Students

There may be times when you will be required to modify a student's account. You can easily change the student's name or move the student forward to access more challenging lessons by opening maps – each map is a set of 10 lessons.

To edit a student's account, simply follow these steps:

1. From the **My Account** page click on Manage Students.

2. Click on **Add and Edit Your Students**.

3. You can edit names and open (or close) lessons for students so that they can work at their own pace. If students are stuck on a lesson, you can move them on.

Search for the student's name or find them in the student list below. Click on the **Edit** student button.

4. Here you can adjust the student's reading and spelling progress. You can also move students back to previous lessons, or have them redo the placement test. Click **Save** when you make changes.

Tip: You can download the lesson plans for teachers, as well as student resources to match which lesson the student is currently on.

For example, by clicking on number 11 under Reading Progress, you are opening the first 10 lessons for that student.

This student will now be working on Map 2, lesson 11 of the program.

5. You can also edit all students at the same time, if you wanted your class on the same lesson, or to set a class password. Click on **Edit All Students** from the **Add and Edit Your Students** menu.

Editing My Students

This is where you can add or remove students from your class. You can add up to 30 students to your class.

ABC Reading Eggs lessons are progressive, with all lessons locked until they are completed. As a teacher, you can open or lock lessons, so that each child is working at their own level. Simply click on the arrows under the Highest Completed Lesson heading, change the lesson number and click save. For more information about the content of each level of ABC Reading Eggs go to About Reading Eggs Levels Overview.

4. Student Navigation Menu

Next to the map is the student navigation bar. It shows the various places students can visit within Reading Eggs. Reading Eggs keeps students motivated by rewarding them along their journey. Children can see which lesson they are up to and check how many Golden Eggs they have in their Egg Bank.

A. Go Places

This number indicates the lesson number.

My Lessons

This is the heart of the program - the reading lessons.

Playroom

The playroom consists of seven sections with over 120 activities. Your student can access the playroom at any time, simply by clicking on the Playroom icon located on the top right hand corner of their navigation bar.

My House

Each student can visit their house and find all their belongings, including any critters collected, and Story Factory stories they have submitted sitting on their bookshelf!

My World

This is a world full of fun where your students can visit 8 destinations with 3 more destinations coming soon. My world is available after lesson 30.

Reggie's Shop

This is where your students can change the look of their avatar and house by purchasing accessories with their Golden Eggs. Reggie's Shop is available after lesson 6 is completed.

Story Factory

This section opens up a world of story writing with a weekly story writing competition. Your students can access the Story Factory after they complete lesson 10.

Puzzle Park

Students complete word puzzles and practise sight word recognition whilst being rewarded with Golden Eggs! Puzzle Park is available after lesson 40 is completed.

Arcade

Students earn Golden Eggs for completing reading activities. These stack up in their Egg Bank and they can use them to play games in the Arcade. The Arcade can be accessed after students complete lesson 5.

Driving Test Centre

This section consists of tests covering sight words, phonic skills and content- area vocabulary. When student complete a test correctly they are rewarded with a racing car game. The Driving Test Centre can be accessed after lesson 40 is completed. You can always see your students' progress in **Student Stats**.

Skills Bank

This section focuses on building students' skills in spelling, vocabulary, grammar and punctuation. To access the Skills Bank, students must have completed reading lesson 60. You can always see your students' progress in Student Stats.

Bye

Ensure students log out after every session.

B. My Stuff

My Avatar

Students can change the look of their avatar.

Each student can create their own unique online character – an avatar – of their choice. This means that students can find themselves easily on the **My Class** page.

My Critters

Students can see all the critters they have collected. Children earn a new Reading Eggs critter at the end of every lesson.

My Awards

This is where students can see their award certificates for completing lessons.

Arcade

This is where students can play their games that they have bought from the Games Shop.

My House

Your student can visit their house and find all their belongings. Any items purchased from Reggie's Store can be placed in their house. My House is available after lesson 10 is completed.

Bye

Ensure students log out after every session.

5. Accessing Reading Eggs from home

Children love the Reading Eggs lessons and benefit from repeating lessons and exploring the site. To get more time on-task, and to get the most out of Reading Eggs, it's great to encourage students to use the program at home as well. It's also an excellent Home-School link that gets parents actively involved in their child's education. More than 99% of Reading Eggs parents would recommend the site to their friends because it's so easy to use and it works.

To advise parents on how to view their child's progress from home, simply follow these steps:

1. Ensure you are on the **My Account** page.
2. Click on **Parent Letter**.
3. Print this document and hand it out to parents.

Parents will have the option to register with the site in order to view the progress of their child on Reading Eggs. Parents can then register at any time by following the steps outlined in the Parent Guide brochure. Copies of this brochure can be downloaded by clicking on the **Brochures / Order Form** icon on the **My Account** page.

6. Lessons overview

There are currently 12 maps with 120 lessons. Each lesson has between 6 to 10 parts. For more information about what is covered in each of the Reading Eggs lessons, click on **Levels Overview** from the choices in the navigation bar on the left side of the **My Account** page.

Step 1 - Starting Out in the Zoo

This first Step is aimed at 4-6 year olds who have little or no reading skills. This is where all students can begin to learn to read. By completing the 40 lessons in the Starting Out set, students will learn their first reading skills. This includes learning the sounds and names of the alphabet letters, reading their first sight words, such as the, I, and, is and see. They will also learn the essential phonic skills needed to read three letter words such as cat, fan and Sam. Children will then be able to read their first simple stories featuring Sam the ant.

Starting Out in the Zoo

Lessons 1 - 40
Maps 1 - 4

Step 2 - Beginning to Read in The Playground

The next Step builds on skills learnt in Step 1 with a focus on short vowel words such as cat, dog, ten, fish and duck, and on building reading skills. Children will learn many more high frequency sight words, build word families and read another 40 books. Some of these books are nonfiction titles with a focus on building vocabulary in these areas – colours, numbers, facial features and pets.

Step 3 - Building Confidence at The Theme Park

The third Step covers long vowel words such as cake, kite, rain, cook, seat and cute. These new phonic patterns are introduced and reinforced so that students can read them fluently and spell them correctly. There is an increased focus on reading for meaning, comprehension and understanding longer words and sentences. Children read 40 new, longer books. Some of these books will be nonfiction titles with a focus on building vocabulary in a variety of key areas.

7. Program Features

A. Teacher Toolkit

The Teacher Toolkit allows teachers to access a range of Interactive Whiteboard Resources. These include activities from the Reading Eggs website, as well as a variety of new interactive lesson ideas, features and resources. The Teacher Toolkit could also be used on a computer with smaller groups of students.

The Teacher Toolkit has content in these areas:

- **Big Books** – 101 levelled books to use as big books on an IWB.
4 titles at each RR level 1 – 20, with 2 fiction and 2 nonfiction titles at each level.
- **Letters and sounds** – alphabet and phonics activities.
- **Resources** – Teacher lesson plans, student worksheets and other Teaching Guides for teachers to read onscreen or print out and use with their class.
- A range of activities for **Spelling, Comprehension** and **Writing** with new content added regularly.

B. Skills Bank

The Spelling Vault contains 96 carefully graded spelling lessons. Each spelling lesson focuses on a 12-word spelling list.

Each lesson includes a variety of interactive activities that use a range of spelling strategies including word structure, word families, meaning, segmentation, morphemes, phonics and repetition to build students' word knowledge and spelling recall.

Every lesson ends with a 12-word spelling test. Students' results are saved for both the student and the teacher. Student results are collated and the teacher can see both individual and class reports.

Printable worksheets complement the online lessons. Teachers can use the lessons and worksheets as part of their spelling program.

Assessment and reporting

All student results are recorded in the teacher centre in the form of student reports. These include test results and lessons completed. Teachers also have access to a complete overview of content covered, word lists and skills charts.

C. The Story Factory

This is where Eggsplorers can create their very own story books with full-colour illustrations. Each student's story books are saved in the bookshelf in their Eggsplorer's house.

The other fabulous feature of the Story Factory is the Weekly Contest. Enter stories into the contest to win 200 Golden Eggs. Every week, the top stories are shortlisted and go on display in the Story Factory Showroom. It is then up to all our Eggsplorers to vote for their favourite story. Read and rate the top stories to help choose the winner. Winners are announced every Friday.

Children love to read their own stories and The Story Factory is a wonderful way to build a love of both reading and writing.

D. Puzzle Park

32 brain stretching puzzles that reinforce a variety of literacy skills including comprehension skills, sight word knowledge, vocabulary development, following directions and problem solving. Students earn Golden Eggs for each correct answer in each of these timed activities.

E. Driving Tests

Tests

In this section of the site you will find numerous tests to assess basic skills knowledge. When students get enough questions correct, they are rewarded with a racing car game. The more questions answered correctly means more turns around the track!

Sight Words, Phonic Skills and Content-Area Vocabulary

Assessing sight word knowledge and phonic skills is a fundamental part of any early literacy program. The first 200 high-frequency sight words make up almost 65% of the words that appear in most texts. Knowing these sight words and having a good understanding of a range of phonic skills makes fluent reading easier, and lets the brain focus on comprehension.

Knowing where students are up to in this progression is essential. These tests will save you time and motivate your students to stay on track as they improve their skills.

11. Subscription Coordinator Tool

The Subscription Coordinator tool is a simple way to ensure the organisation of your school's teacher and student information. This is an optional tool that allows you to assign one teacher to be the dedicated Subscription Coordinator.

The Subscription Coordinator has the ability to organise your school's Reading Eggs account by providing the following functions:

- View, edit and delete all teacher accounts
- Invite teachers to join your school's subscription
- View, edit, add, delete and deactivate all student accounts
- Move students to different classes
- View class and student progress reports
- Print student login and password details
- Reset student passwords individually and for a whole class

A. Setting up a Subscription Coordinator

To access the Subscription Coordinator Tool, you will need to ensure you have an existing teacher account on Reading Eggs. Login to your account as normal and click on **Subscription Coordinator** from the left hand menu of your **My Account** page.

Here you will be prompted with one of two messages:

New Subscription Coordinator

When there is no set Subscription Coordinator a message will appear asking if you would like to be the Subscription Coordinator. If you would like to be the Subscription Coordinator, you will need to tick **Make Me the Subscription Coordinator**, and save changes.

OR Existing Subscription Coordinator

If your school already has a Subscription Coordinator you will have no access to proceed. It will inform you of the Subscription Coordinator for your school.

E. Moving students to different classes

There will be times when you need to set up new classes and transfer students to other teachers. This can be done through the **Move Students To Different Classes** option. From here you can move students to another teacher's class, or vice versa.

To move or transfer a student's account, simply follow these steps:

1. Select the teacher's class you wish to view, then click on **Change view**.

Note: At the end of the year, you can move all students into the School Admin account.

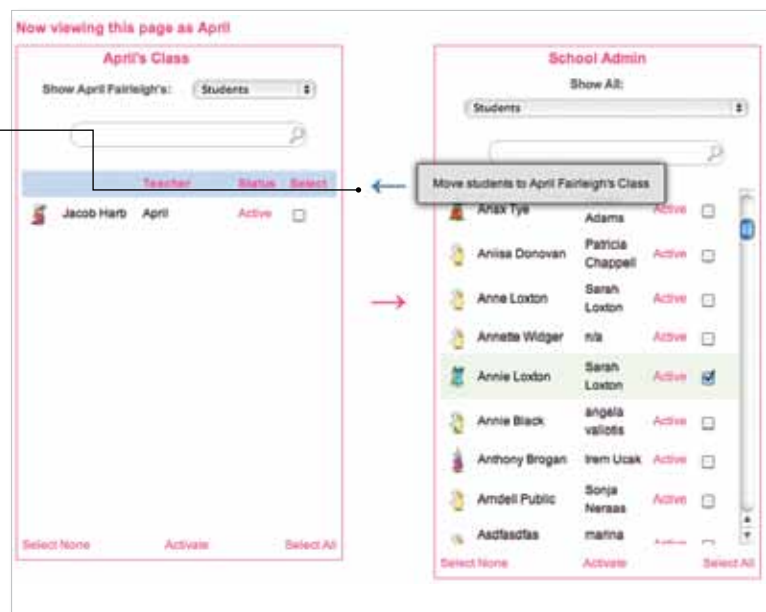

2. Select the student on the left hand menu and then click on the arrow pointing to School Admin on the right hand menu to move them out of the class.

Note: Students who are transferred to the School Admin account will automatically be removed from a class and deactivated to ensure you stay under your subscription limit. Only active students count towards your subscription capacity. The student will remain inactive and unassigned to a class until added to another class from the School Admin box. Student data is saved to the school profile even if they are inactive and unassigned to a class.

3. To move students out of School Admin and into a class, select the students you wish to move from the School Admin menu, and click on the arrow pointing to the class.

The new class will be saved automatically.

F. Student Reports

This section provides an overview of your schools student statistics. It shows how many lessons each student has completed as well as their lesson progress, report cards and driving test, (which reports on student's sight words, letters and sounds, and content words.) It's also an excellent way for parents to see what their students are learning.

Click on a student's name to see more detail.
