Reading EGGSPRESS

Teacher Guide

Take your students' Reading and English skills to the next level!

Where reading is just part of the adventure!

Reading Eggspress is designed to build reading and comprehension skills for your students aged 7–13 years. The **website** has an enormous range of learning resources, lessons, motivational games, e-books and a comprehensive reporting system that together create a unique learning environment.

To ensure that you get the most out of Reading Eggspress, we have produced this Teacher Guide, which includes some simple steps for you to follow.
As a teacher you will have full access to each student's account. This allows you to check each student's progress and to differentiate learning, so that you can cater to students of all abilities.

Contents

1. Getting started

Firstly you will need to register on the Reading Eggspress website. For this you will need the School Code* included in your Reading Eggspress pack. Each teacher in your school registers their own class using the same School Code.
*Ring 07 307 0340 or email readingeggs@3plearning.co.nz if you do not have your School Code.

A. Registration

To register, follow these simple steps:

1. Visit www.readingeggspress.co.nz

2. Click on **Teacher Start Here**

3. Click on the Teachers icon

4. Complete the registration form, which includes entering your School Code. You are now registered.

B. Teacher Navigation Menu

Once you are logged into your account (log in by entering your login name and password), you will arrive at the **My Account** page. From here you can access all the teacher features of Reading Eggspress and Reading Eggs.

Edit my details
Change your details, like email and password, and receive Reading Eggs emails.

Manage Students
Add and edit students' details, including assigning students to the appropriate reading lessons.

Parent Letter
Download student login details to get your students using the program from home.

Start Reading
Start your students reading in Reading Eggs or Reading Eggspress.

Student Stats
See your students' progress.

Subscription Coordinator
Manage students and teachers for your entire school, or modify your school subscription.

Levels Overview
Gives you detail on the content of the lessons.

Research Reports
View a detailed review of the research that supports the program.

Preview Lessons
Preview all lessons. You can also download lesson plans and student worksheets for each lesson.

Teacher Toolkit
This section provides you with a range of resources that can be used on an interactive whiteboard. The resources include activities, big books, student worksheets, lesson plans and much more!

Teacher User Guide
View and download a copy of this guide.

Tell a Colleague
If you know of a teacher who would be interested in the Reading Eggs and Reading Eggspress 1 Month Free classroom trial, refer them here.

Brochures / Order Form
Download teacher and parent brochures.

C. Set up your class

Once you have registered, you simply add your students. During the free trial, this will give each student access to their account at school and at home. To add up to 30 students to your class, follow these simple steps:

1. Ensure you are on the **My Account** page.

2. Click on **Manage Students**.

Manage Students

3. Click on **Add and Edit Your Students**.

Add And Edit Your Students

You can also import a list of students if you want to add an entire class.

Import A List Of Students

Tip: Add a demo student to your list for front of class demonstrations.

4. Enter the student's first and last names.

5. Click on **Add this student**. This student is now saved to your class list.

Add a Student

First Name: [ ]

Last Name: [ ]

Add this student

D. Start students' Reading Eggspress journey

To get your students working through the lessons:

1. Click on **Start Reading Eggspress** from the **My Account** page.

Reading Eggspress

Start Reading Eggspress

2. Choose a student from the **My Class** page, by clicking on an avatar (avatars are online characters).

Once on the **My Class** page, students cannot move back to your Teacher account.

If you need to move back to the **My Account** page, simply enter your login and password at the bottom of the **My Class** page. You can use your teacher login on multiple computers in your school.

You also have the option to provide students with their own login details. See page 7 for more information.

3. At first login, clicking on an avatar will take you to the floating island. From here, students can choose to enter the Reading Eggspress Library, Comprehension Gym, Stadium, Mall or their Apartment.
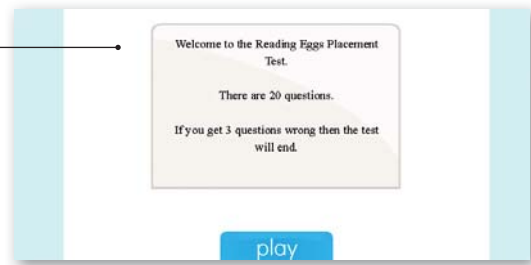

4. To finish the Reading Eggspress lessons, click on log out at the top right of the student's navigation screen. This will take the student back to the **My Class** page. Another student can now have a turn.

You can repeat this process for each student in your class.

Start Reading Eggspress

Adam Hill | Alec Compton | Alessia Ruberto | Alexander Loncar | Callum Tierney | Camille Loncar | Eloise Fairleigh

Jacob Harb | John Broughton | Linda Lool | Maria Walsh | Nat Tierney | Piper Spears | Scarlett Du Casse

Smith John | Sofia Lettieri

Click here to go back

On the first visit to the Comprehension Gym, students will be asked to complete a placement test. The placement test will automatically assign your student to the appropriate level of the Comprehension Gym lessons.

You can have a student redo the placement test at anytime when you edit a student and select the redo placement test option.

Welcome to the Reading Eggs Placement Test.

There are 20 questions.

If you get 3 questions wrong then the test will end.

play

2. Student Reports

A. Class progress reports

As a registered teacher, you have access to results from students in your class. You can see how many lessons a student has completed, how many books have been read and the results of their quizzes.

To access your students' Comprehension Lessons, Library and Stadium Progress:

1. Go to the **My Account** page.

2. Click on the **Student Stats** icon.

Student Stats

3. This is a brief overview of each student's Reading Eggspress progress.

3. Managing Student Accounts

A. Editing Students

There may be times when you will be required to modify a student's account. You can easily change the student's name or move the student forward to access more challenging reading, spelling and comprehension lessons.

To edit a student's account, simply follow these steps:

1. From the **My Account** page click on Manage Students.

Manage Students

2. Click on **Add and Edit Your Students**.

Add And Edit Your Students

3. You can edit names and open (or close) lessons for students so that they can work at their own pace. If students are stuck on a lesson, you can move them on.

Search for the student's name or find them in the student list. Click on the **Edit Student** button.

4. Adjust the student's lesson progress. You can also move students back to previous lessons, or have them redo the placement test. Click **Save** when you make changes.

5. You can also edit all students at the same time, if for example you wanted your class on the same lesson, or to set a class password. Click on **Edit All Students** from the **Add and Edit Your Students** menu.

Editing My Students

This is where you can add or remove students from your class. You can add up to 30 students to your class.

ABC Reading Eggs lessons are progressive, with all lessons locked until they are completed. As a teacher, you can open or lock lessons, so that each child is working at their own level. Simply click on the arrows under the Highest Completed Lesson heading, change the lesson number and click save. For more information about the content of each level of ABC Reading Eggs go to About Reading Eggs Levels Overview.

Add a Student   Existing Students   Edit All Students   Set Student Passwords

B. Student Login Details

To provide students with their own login details, simply follow these steps:

1. From the **My Account** page click on **Manage Students.**

Manage Students

2. Click on **Individual Student Login Details**

Individual Student Login Details

When you click on this button from your **Manage Students** option, you will automatically download a PDF of all your students' individual logins and passwords. You can cut these out and laminate them for the students in your class. This option allows students to log in without teacher supervision.

C. Moving Students

There will be times when you will need to remove students from your class and set up new classes. This can be done through the **Manage Students** option.

To move or transfer a student's account, simply follow these steps:

Manage Students

Move Students To Different Classes

1. From the **My Account** page click on **Manage Students**.

2. Click on **Move Student to Different Classes**.

3. From the **My Class** box, select the students you would like to remove from your class. Click on the arrow pointing to the **School Admin** box to move students.

Note: Students that are transferred to School Admin will automatically be removed from your class and deactivated. The student will remain inactive and unassigned to a class until another teacher adds them to their class from the School Admin box. Student data is saved to the school profile even if they are inactive and unassigned to a class.

4. From the **School Admin** box, select the students you would like to add to your class. Click on the arrow pointing to the **My Class** box to move students.

Your new class has automatically been saved.

4. Student Navigation Menu

Using a highly engaging, floating island metaphor, this spinning world gets students involved and excited as soon as they enter. The student navigation menu shows the various places students can visit within Reading Eggspress.
Reading Eggspress keeps students motivated by rewarding them along their journey. Children can see which lesson they are up to, how many targets they have hit and check how many golden eggs they have in their Eggy Bank.

A. Floating Island

When a student logs into Reading Eggspress, they land on the spinning map. From here they can go to all their Reading Eggspress destinations. The Reading Eggspress site is divided into 4 areas – Learning, Fun, Live Competition and Rewards. The floating island is divided into 4 quadrants with arrows on each edge; click on the arrow to spin the map around to the next quadrant. The map's default position is the Learning Quadrant.

The Library

An online library of more than 650 e-books including illustrated chapter books, full colour nonfiction books and a range of classics.
The Library includes a wide range of levelled fiction and nonfiction titles with an online reading quiz included with each title.

The Comprehension Gym

Interactive comprehension lessons with 240 lessons over five broad levels from Year 3 to Year 7.
Each Comprehension Gym lesson includes prereading activities, a reading passage sourced from a wide selection of fiction and nonfiction texts, followed by a set of comprehension questions that assess a student's factual, inferential and textual understandings of the text.

The Stadium

Students compete in real time against students from around the world. The exciting head-to-head contest tests skills in one of four areas – spelling, vocabulary, usage and grammar.

B. Motivational Elements

- Highly motivating environment — a virtual world for students to explore, where they can earn a variety of rewards.
- golden eggs
- trading cards
- games: Daily Games, Brain Games and Quote Quest
- Avatar to personalise and apartment to furnish.

Trading Cards

- 6 Realms of trading cards for children to collect and trade.

Fantastica   Starstruck

Avatar, Apartment and Mall

- At the mall, use golden eggs to buy avatar clothes and apartment furniture.

Quote Quest

- This 100 level game is a quest-style game where children search and find words that make up a quote from a famous children's book. 100 quotes from 100 famous children's books.
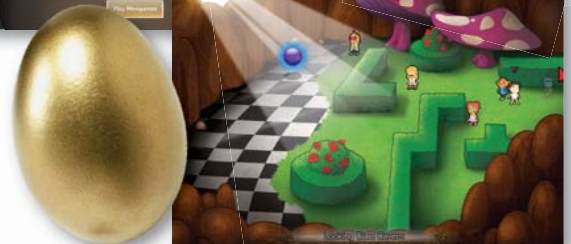

5. Accessing Reading Eggspress from Home

Children love the Reading Eggspress lessons and benefit from repeating lessons and exploring the site. To get more time on-task, and to get the most out of Reading Eggspress, it's great to encourage students to use the program at home as well. It's also an excellent home-school link that gets parents actively involved in their child's education.

To advise parents on how to view their child's progress from home, simply follow these steps:

1. Ensure you are on the **My Account** page.
2. Click on **Parent Letter**.
3. Print this document and hand it out to parents.

Parent Letter   Brochures / Order Form

Parents will have the option to register with the site in order to view the progress of their child on Reading Eggspress. Parents can then register at any time by following the steps outlined in the Parent Guide brochure. Copies of this brochure can be downloaded by clicking on the **Brochures / Order Form** icon on the **My Account** page.

A. Comprehension Gym

- 200 interactive comprehension lessons graded over five broad levels from Year 3 to Year 7. 40 lessons per year level. The placement test places students at the correct level.

- Enter the gym and receive a personal welcome.

- Each level has 10 lessons with 5 fiction and 5 nonfiction extracts from a broad range of levelled books.

- Students can choose any of the 10 lessons to work through.

- Each Comprehension Gym lesson includes pre-reading activities that model and teach comprehension strategies, and a reading passage followed by a set of comprehension questions that assess a student's factual, inferential and textual understandings of the text.

- Each of the 16 questions in the end of lesson quiz assesses a specific comprehension skill or strategy. Detailed reports provide teachers with much needed information about each student's progress in using a wide range of comprehension strategies.

B. Library
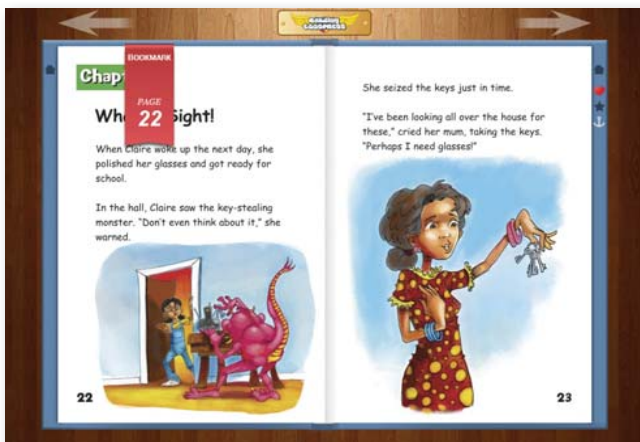

- The **Reading Eggspress** Library has more than 650 e-books, including illustrated chapter books, full colour nonfiction books and a range of classics. Search for books by topic, series, author, reading age or book title.

- New books will be added regularly.

- The Library includes a wide range of levelled fiction and nonfiction titles with an online reading quiz included for each title. Children can 'fave' a book, bookmark where they are up to and rate each book. When students first choose a book, they will see the number of people who have read it and its rating according to their peers.

- You can see how many books students have read, date read, type of book, word length and students' quiz scores. The totals provide an excellent overview of student progress – books read, total words read, reading age and quiz average.
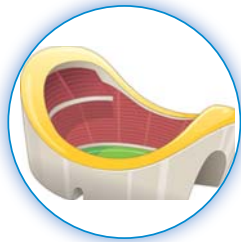

C. Stadium

- Students compete in real time against students from around the world. The exciting head-to-head contest tests skills in one of four areas — spelling, vocabulary, usage and grammar.
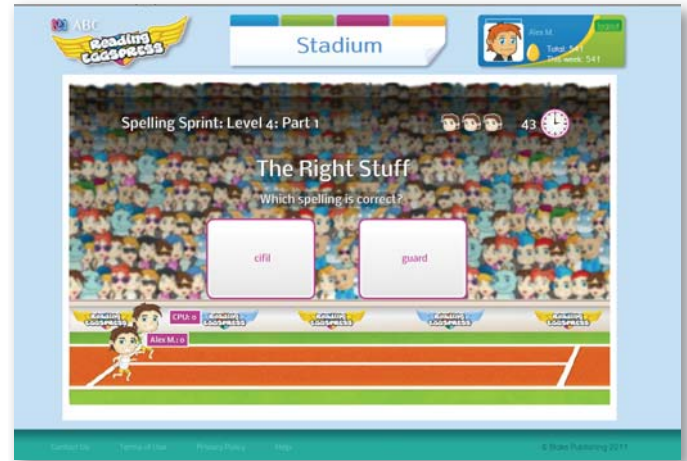

D. Teacher Toolkit

A massive amount of content for teachers. Highlights include:

- **Targeting Text** — interactive instructional study units on informational and persuasive texts.
- **Comprehension strategies** — interactive units.
- **Book Notes** — teaching notes and student worksheets for over 500 Library titles.
- **Spelling** — student worksheets.
- **Grammar Demos** — teacher demos for all grammatical terms, for use on IWB + student worksheets.
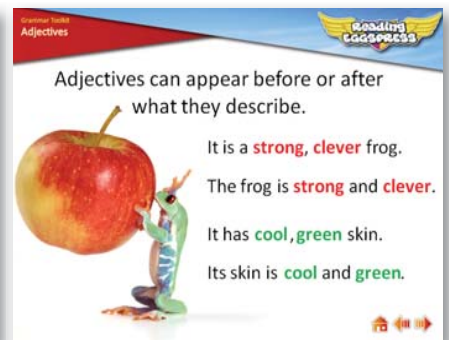

- Units of work for use on IWB that focus on a variety of comprehension strategies.

7. Comprehension Lessons Overview

Comprehension Gym level 2.1-2.4		Reading level 15-18	Reading age 6.5-7.5			
Level	Extract Book Title	Cover Story	Dictionary	Part 3	Part 4	Part 5

11. Subscription Coordinator Tool

The Subscription Coordinator tool is a simple way to ensure the organisation of your school's teacher and student information. This is an optional tool that allows you to assign one teacher to be the dedicated Subscription Coordinator.

The Subscription Coordinator can organise your school's Reading Eggspress account with these functions:

- View, edit and delete all teacher accounts
- Invite teachers to join your school's subscription
- View, edit, add, delete and deactivate all student accounts
- Move students to different classes
- View class and student progress reports
- Print student login and password details
- Reset student passwords individually and for a whole class
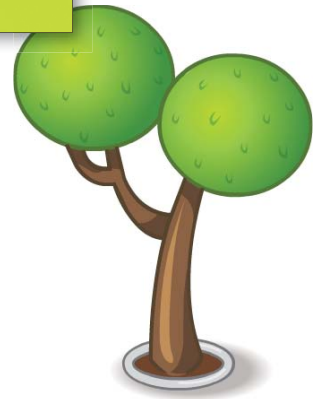

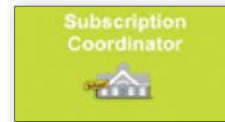

A. Setting up a Subscription Coordinator

To access the Subscription Coordinator tool, you will need to ensure you have an existing teacher account on Reading Eggspress. Log in to your account as normal and click on **Subscription Coordinator** from the left hand menu of your **My Account** page.

You will be prompted with one of two messages:

New Subscription Coordinator
When there is no set Subscription Coordinator, a message will appear asking if you would like to be the Subscription Coordinator. If yes, tick **Make Me the Subscription Coordinator**, and save changes.

OR Existing Subscription Coordinator
If your school already has a Subscription Coordinator you will have no access to proceed. It will inform you of the Subscription Coordinator for your school.

B. Subscription Coordinator Menu

The Subscription Coordinator has access to the following menu:

|				
This icon idicates that you are operating in Subscription Coordinator mode.	View class and student progress reports.	Add and edit details, change passwords and edit the progress of students from your school.	View, edit and delete details of your school's teachers.	Invite teachers to join or request a change to your school's subscription.

C. Manage your school's students

1. Click on **Manage Students** from the Subscription Coordinator Menu.
 Add and edit your students or move students to different classes.

 Manage your student's accounts.

 Move students from one class to another.

D. Adding and editing students

Editing Your School's Students

This is where you can manage your school's students accounts.

ADD – To add a student fill in the form below and click on add this student.

EDIT A STUDENT – To edit an individual student, click on existing students and select the student from the list, or search by filling in the student's surname and teacher. From here you will be able to delete the student, change the student level progress and change the student's password.

EDIT ALL STUDENTS – To edit all students click on edit all students. From here you will be able to delete students and change students' level progress. This can be done for a group of students or for all students at your school.

SET STUDENT PASSWORDS – By clicking on Set Student Passwords, you can set a password for the entire class of any teacher in your school.

Add a student, edit a student individually or as a group, and reset student passwords.

| Add a Student | Existing Students | Edit All Students | Set Student Passwords | Show students from my class |

ADD – To add a new student fill in the form and click on **Add this student.**

Add a Student

First Name: _____
Last Name: _____
Teacher: _____
[Add this student]

EDIT A STUDENT – To edit an individual student, click on **Existing Students** and select the student from the list, or search by filling in the student's surname and teacher.

From here you are able to delete the student, change the student level progress and change the student's password.

E. Moving students to different classes

Move Students To
Different Classes

There will be times when you need to set up new classes and transfer students to other teachers. This can be done through the **Move Students To Different Classes** option. From here you can move students to another teacher's class, or vice versa.

To move or transfer a student's account, simply follow these steps:

1. Select the teacher's class you wish to view, then click on **Change view**.
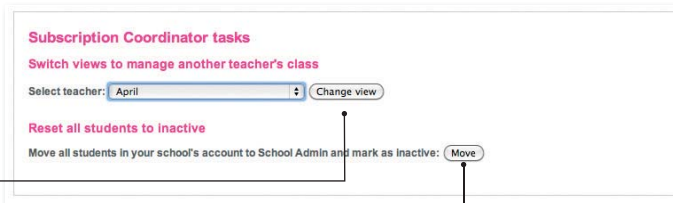

**Note:** At the end of the year, you can move all students into the School Admin account.

2. Select the student on the left hand menu and then click on the arrow pointing to School Admin on the right hand menu to move them out of the class.

Note: Students who are transferred to the School Admin account will automatically be removed from a class and deactivated, to ensure you stay under your subscription limit. Only active students count towards your subscription capacity. The student will remain inactive and unassigned to a class until added to another class from the School Admin box. Student data is saved to the school profile even if they are inactive and unassigned to a class.
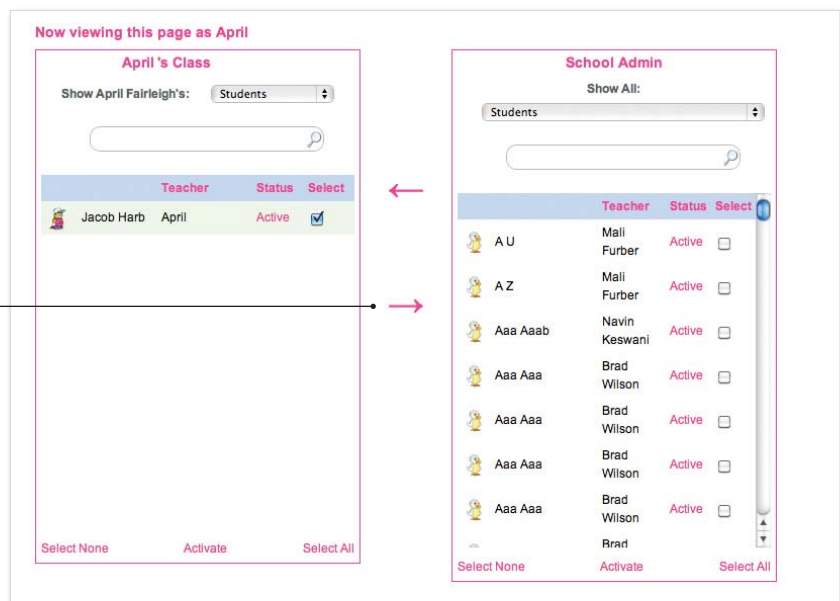

3. To move students out of School Admin and into a class, select the students you wish to move from the School Admin menu, and click on the arrow pointing to the class.

The new class will be saved automatically.
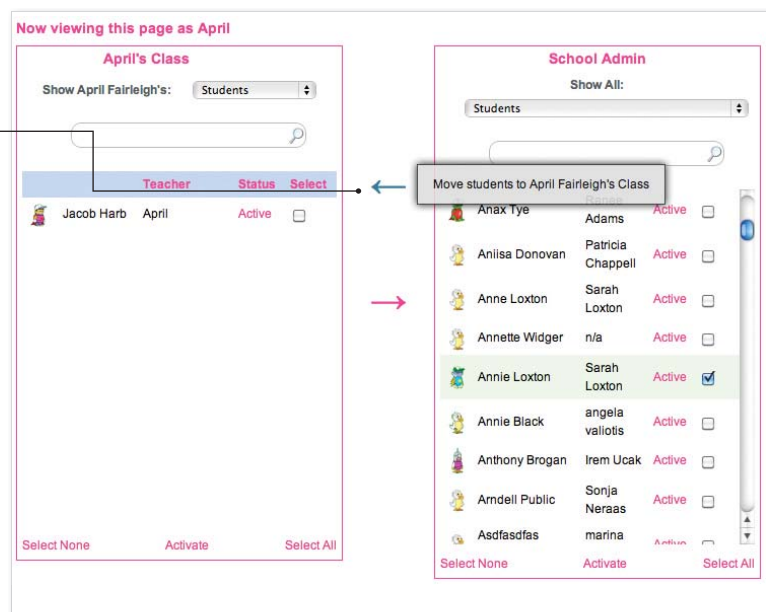

F. Student Reports

This section provides an overview of your school's student statistics. It shows how many lessons each student has completed as well as their lesson progress, report cards and driving test (which reports on sight words, letters and sounds, and content words.) It's also an excellent way for parents to see what their students are learning.

Click on a student's name to see more detail.

Home > Class Reports

Alice Hula's   Class Progress Overview

Here is a brief overview of each student's Reading Eggs progress. For more detail about your class, click on the detailed reports below. For detailed reports about each student, click on individual names.

Student Report	Reading	Spelling	Stories Written	Driving Tests

Submit By clicking submit each teacher will be sent an email with instructions on how to join your school's subscription.

H. Manage Subscriptions

Manage Subscriptions

View your current subscription and when it is due to expire. Find out how many active students you have, and your student limit for your subscription.

Invite new teachers to join, which will send them an email with instructions.

You can also request to extend or upgrade your subscription.

12. Purchasing a Subscription

There are several ways in which your school can purchase a subscription to Reading Eggs. These include purchasing online, contacting your local Regional Manager or contacting our customer service team. To find out more just follow these simple steps:

1. Go to the **My Account** page.

2. Click on **Brochures / Order Form**.

3. Complete the **School Request Form**.

4. Either fax or mail back to the address below.

Brochures / Order Form
